My dear Mrs Forbes

I received the AME Magazines and I am under a debt of obligation in helping us to complete our files; because your husband gave the best in him to lift up the magazine to great heights. Since then it no longer has the touch of a man so well versed in literature.

I want to thank you for the gift of a good likeness of George W. Forbes for the Schomburg Collection. I do appreciate this gift much more so because of the association. This will be preserved in this archive for future reference.

With high regard and appreciation
Believe me Sincerely
Arthur Schomburg
